&spa treatments worth \$150 to be WON

Aura & Miracles is a tranquil haven located in the heart of the city at Delfi Orchard. With two intimate treatment rooms, Aura & Miracles offers exclusive attention and the utmost in privacy, while using the wonders of science to defy time and define beauty.

Using FDA Approved technology to encourage women to live life to its fullest and turn the clock back against time, Aura & Miracles uses machines in harmony with Dr Hauschka products for all treatments. This is also one of few wellness centres in Singapore to offer Endermologie® for face.

Although all treatments are technologically advanced, they don't cost the earth. First time customers pay the full package price of \$150 for eight to ten treatments - depending on service. And subsequent packages are charged at only 75 percent of the original package price!

All first-time customers are entitled to a special offer price of \$1 for any treatment!

To win a \$150 spa treatment from Aura & Miracles, and receive The Finder delivered to your door for only \$1 each month, please complete and return the below form by May 20.
