Witness a Miracle

- The Anti-Cellulite Reference

Indulge in the aura of total relaxation while the invisible touches of Science work their miracles. Introducing Endermologie - your ally against cellulite, your source of well-being. Practiced by health and beauty professionals exclusively trained in and equipped with the *Cellu M6 Keymodule i* technology, Endermologie is especially effective against cellulite. The fact is that with time, circulatory disorders tend

to worsen; the cellulite's "orange peel" appearance takes hold, and the skin becomes less firm.

By increasing micro-circulation, Endermologie reharmonises the connective tissues and increases both blood and lymph circulation. The result: a slimmer, more contoured body with smoother, firmer skin. As an added advantage, this painless process produces a feeling of well-being; it is relaxing; it involves no medical treatment or the administration of any chemical substances. It simply consists of restoring and activating a number of organism's and the skin's natural functions.

Endermologie has been around for the last 18 years and millions of sessions have been performed worldwide. It is a United States FDA-approved technology and is widely popular in the US as well as Europe.

"Our clients come from all walks of life - from your ladies of leisure to your regular teachers to professionals, who want their weekly dose of Endermologie for health reasons (to increase blood circulation) as well as aesthetic reasons (to reduce cellulite and to reduce certain problematic areas that even doing sports can't help)", says Sherry, the partner from Aura & Miracles and a veteran in the industry.

Besides Endermologie for Body, Aura & Miracles also offers Endermologie for Face - this helps to revitalize dull, tired-looking skin, reduces signs of wrinkles and stimulates collagen production, and Diamond Dermabrasion - a gentle treatment that removes the topmost skin layer leaving skin supple and vibrant and has no down time.

Relaxing Fusion body massages are also available. All first time customers are entitled to a special promotion price of \$50 for any treatment. The normal individual sessions range from \$120 to \$150 per session. **H**

Call 6333 8707 to book your appointments at Aura & Miracles, 402 Orchard Road, #05-13 Delfi Orchard. Opening hours are Monday to Sunday 10.30am to 8.30pm.
