Aura & Miracles

The Science of Defying Time The Art of Defining Beauty

A tranquil haven in the heart of the city. An escape to faraway places of serenity.

Indulge
 In the Aura of total sensory relaxation. In the soothing care of someone you trust.

Immerse
 In surroundings where time stands perfectly still while the invisible touches of science work miracles.

Welcome to the era of Aura & Miracles, a tranquil haven located in the heart of city at Delhi Orchard. Aura & Miracles leverages on the most technologically advanced machines to defy time, and at the same time define the beauty in you.

With the increasing trend of using the wonders of science to defy time and define beauty, and answering the calls of women of today to look good and feel good in the most tranquil setting, Aura & Miracles uses the revolutionary Celu M6 Keymodule LPG Method and NewApeel DiamondTone™. These are both United States FDA approved technology that empower women to live life to its fullest, to enjoy the best that life has to offer; to do the impossible and turn the clock against time.

Unlike other wellness centers, Aura & Miracles uses machines in all its treatments and *Dr. Hauschka* products, made from natural ingredients that work in harmony with your skin, allowing natural beauty to unfold.

Aura & Miracles is also one of the few centres, which offers Endermologie® for Face.

Treatments offered:

Endermologie® for Body
 The scientific Anti-Cellulite reference to achieve a slimmer and better-contoured body. Desired benefits include the reduction of 'orange peel' cellulite, ugly fat, as well as achieving smoother and firmer skin.

Endermologie® for Face (Face Contouring)
 Revitalises dull, tired looking skin, reduces signs of wrinkles, as well as stimulating collagen production. Achieve firmer facial contours, and smoother and younger-looking skin.

Endermologie® for Face (Facial Lymphatic Drainage)
 Enhances facial metabolism, detoxifies and prepares skin for natural absorption of enriching serum and ampoules. This relaxing treatment unblocks facial lymph nodes, promotes skin renewal and enhances blood circulation.

Diamond Dermabrasion for Face
 This medical technique removes the top-most skin layer, leaving skin supple and vibrant. With the NewApeel™ DiamondTone™ method, this process gently abrades skin with natural diamond chips while vacuuming away dead skin cells in a sterile and controlled manner.

Achieve softer, smoother texture and conditions that promote regeneration of skin – minus redness, irritation or disruptive side effects. It's no mystery why it's called 'The Lunchtime Peel' – you can return to normal activities straight away!

All first time customers are entitled to a special offer trial price of \$50 for any treatment!
